

*High Purity*

# WOW SALT TABLETS

## TECHNICAL DETAILS

- Diameter: 22mm-23mm
- Thickness: 10mm-12mm
- NaCl Purity min: 98.5%
- Max moisture: 0.1%
- Whiteness: 96%
- Origin: India
- Packing: 5 kg, 10 kg and 25 kg laminated bags
- Appearance: Tablet form, bright white colour

## Benefits of WOW SALT TABLETS

WOW SALT TABLETS are produced using state-of-the-art technology, with a minimum NaCl content of 99.5%. These tablets are sturdy and not easily broken during transportation and storage. Our flagship product is highly effective in regenerating ion exchange resins in water softening systems. It is free of impurities and residue, ensuring its purity and safety for both user and the system.

## Application

WOW SALT TABLET has diverse applications, making it a suitable choice for various water softening systems. It can be used for regenerating cation resins in water softening systems, reducing water hardness in drinking water treatment systems, as well as regenerating anions in alkaline water systems. Additionally, it finds usage in several pharmaceutical and industrial applications.

## WOW SALT TABLETS - The perfect solution for water softening

### 1. Superior Performance

WOW SALT TABLETS are a specially designed solution for efficient water softening. Our salt tablets are highly effective in removing minerals like calcium and magnesium, which are the primary cause of water hardness. The result of using our salt tablets is an enhanced quality of water, decreased scale build-up, and an increased lifespan of your appliances and plumbing systems.

### 2. Convenience and Ease of Use

WOW Salt Tablets are expertly crafted with convenience and ease of use in mind. Their uniform size and shape make them effortless to handle and add to your water softening system. Moreover, they dissolve quickly, streamlining the water softening process and eliminating any unnecessary hassle.

### 3. Accurate Dosage Control

With each WOW SALT TABLET containing a precise amount of salt, you can exercise accurate dosage control. This guarantees optimization of the amount of salt used in your water softener, reducing wastage and enhancing efficiency. Moreover, WOW Salt Tablets provide a reliable and consistent supply of salt, eliminating the need for manual measuring and reducing the risk of under or over-treatment.

### 4. Cost-Effective Solution

WOW SALT TABLETS present a budget-friendly solution for water softening. With the use of our salt tablets, you can forego the expenses involved in procuring and upkeeping traditional salt blocks or granules. The high accuracy dosage control and efficient performance of WOW Salt Tablets not only save time but also provide long-term cost savings.

### 5. Environment Friendly

At VRK Salt Solutions, we are dedicated to sustainable practices and ensuring environmental responsibility. Our Salt Tablets are produced using refined and additive-free high purity salt, enabling you to make an eco-friendly contribution by reducing waste and minimizing the impact on water sources and ecosystems.
